(m) JAN SUNVAYI ON DRUG ADDICTION AND DRINKING ALCOHOL:

The team of BALLB students (around 16) namely Mohd. Saad, Mohd. Mazhar, Faizuddin, Ahmad Ali, Mahdi Alam, Shaista Nigar, Dinkar Singla, Dhruv Khera, Pratibha Mishra, Priyanka Bhati, Saurabh Singh Chauhan, Arshiya Fatima, Shivangi Singh along with Assistant Professor Mr. Ishan Ahmad to conduct a Janu Sunwayi session on Problem of Drinking alcohol and its ill effects on the families of the sufferer at Society for Promotion of Youth and Masses (SPYM), Shelter homes for homeless people at Khusro Park, Rain Basera, Near Neela Gumbad, Nizamuddin, New Delhi-110013.

The shelter homes at Nizamuddin which has been visited by the team, consists of Three big Shelter Homes, one of which has been designated to Males separately, One specifically for families and one especially for Families. One another dormetry has been allotted to those who are actually recovering from the drug addiction or drinking alcohol problem. The team visited all the three shelter homes and conducted one survey and collected the data as well for the addiction issues faced by the adductors and their journey of rehabilitation till now.

Firstly, the team visited the shelter home specifically been allotted for families. The team first met with two teachers who have been assigned to give primary education to the children. The team interviewed both the teachers, and during the same, they were told that the teachers are teaching about 20 to 30 children there and many of them are actually doing great in their studies. Even one girl of them, namely Khushi who is living there for last 6 years and both of her parents are suffering from high drinking problems, she is right now appearing in XIIth standard and also she is teaching the other students in the shelter homes for last two years. She is commonly known as **BADI DIDI** by the children and they adore her a lot. Then the team HILSR started doing their survey on drug addiction and drinking problem, they got divided into three teams as:

- (a) **TEAM 1** qua Shelter Home for Families.
- (b) **TEAM 2** qua Shelter Homes for Male Victims.
- (c) **TEAM 3** qua Shelter Home for female victims.

(a) SHELTER HOME FOR FAMILIES

The team 1 conducted the survey by **interview method** and the **survey of 38 people** and **out of 38, 27** asserted to be having or had in past the **heavy drinking** problem. They also discussed about the facilities being provided to them at the shelter home and they specially appreciated the protection, safety and other facilities which have been provided to them by the management. They were quite satisfied with their life there, one thing which about 25 interviewees asserted out of 38 that they want some more better opportunities for their children. Also, they want more better educational and career facilities.

(b) SHELTER HOME FOR FEMALES

The team 2 conducted the survey by **interview method** and conducted the **survey of 20 women and out of 20, 17** asserted to be having or had in past the heavy drinking problem. They also discussed about the facilities being provided to them at the shelter home. They were quite happy with the rehabilitation facilities available there and want to work for their betterment. When the team HILSR asked them about the reason of drinking, 16 out of 20 interviewees asserted that after the work of whole, they deem it the best method to escape the pain and tiredness. The HILSR team informed them about the ill effects of long-term drinking and requested them to strictly follow their Rehabilitation plan.

(c) SHELTER HOME FOR MALES

The team 2 conducted the survey by **interview method** and conducted the **survey of 28 men and out of 28, 21** asserted to be having or had in past the heavy drinking problem. They also discussed about the facilities being provided to them at the shelter home. When the team HILSR asked them about the reason of drinking, majority of them asserted it as the result of work stress. The HILSR team informed them also about the ill effects of long-term drinking and requested them to strictly follow their Rehabilitation plan.

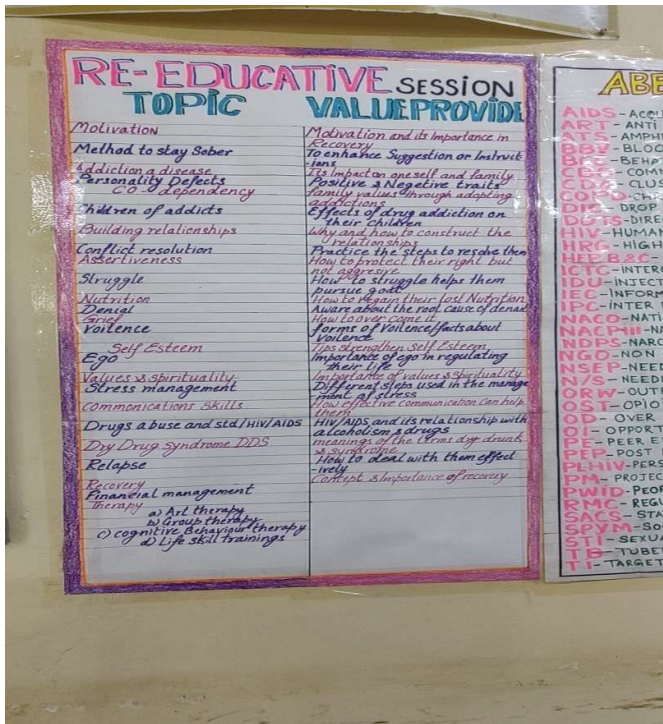

The team, HILSR also interviewed the manager of the whole project and eventually finds the things satisfactory. The hygiene conditions seriously need to be addressed there. But the rehabilitation facilities are quite adequate in all the three shelter homes.

(n) VILLAGE ADALAT AT ISMAILPUR VILLAGE, FARIDABAD, HARYANA

The team of B.A.LL.B. students (around 60) namely Ms. Priyanka Bhati, Pratibha Mishra, Sadiya Parveen, Saurabh Singh Chauhan, Dhruv Khera, Rajat Singh, Abhishek Dhaka, Anjali Yadav, Faizuddin, Mazhar, Mohd. Aadil, Saniya Ansar, Aastha Sain, Syed Taiyab along with Asstt. Professor Mr. Ishan Ahmad visited at Councilor's office, ward no. 25, Basantpur, Faridabad, Haryana-121003 on 18th September 2022, Sunday.

Ld. Councillor office presided over by Ms. Munesh Bhadana. Hereby our team visited qua conducting a village Adalat. The team witnessed several victims who have been tortured by their husbands, her in-laws, police officials, etc.

One identified victim aged about 13 years who brutally gang raped by 3 to 4 accused who allegedly live in her neighborhood only. The victim was accompanied by her mother and one of her three mentally challenged brothers. The mother of the victim was totally helpless and crying so badly ask some legal help to get justice for her daughter. They were allegedly harassed mentally and physically by their own family. The Investigating officer did not allegedly cooperate with the victim and not even provided her with an FIR or evidence collected by police.

The team consoled the victim and her mother and assured them that the law is always there to help them. The team prepared an application in the name of the Station House Officer, Police Station Palla, Faridabad requesting him to provide the status of investigation done by police so far and to provide an FIR to the victim. The team requested the concerned councillor to help her in convenient way. Further, one student from the team namely Priyanka Bhati, a resident of the same locality, was appointed as a Councillor to follow the investigation done by the police (appointment letter enclosed herewith) and inform the same of the victim and her mother. She also provided her mobile number to the victim and asked them to call for any legal assistance.

Another leading case that was witnessed was of an old-aged woman who is mentally harassed by her husband for 15 years. She has been taunted on small things and has been restrained from even coming out of home without the permission of her husband. She was not even allowed to call her parents on phone and beat them on various occasions. We prepared her complaint under section 12 of the Protection from Domestic Violence of Women Act, 2005, and asked her to file it in the form of a complaint before the competent court. Moreover, one student from the team namely Pratibha Mishra, who is a resident of the same locality was, appointed as a Mediator/ Councillor to follow the investigation done by the police (*appointment letter enclosed herewith*) and inform the same victim. She also provided her mobile number to the victim and asked them to call for any legal assistance.

Another case that we came across, the team witnessed there, was of a man who is being mentally harassed by his wife. He used to drink alcohol and but now he has left the habit of drinking. But his wife taunts him a lot regarding that and very frequently blackmailed him with the threat of police and her father and brother. We prepared a

complain on the behalf of the husband, evidencing all the facts and circumstances, and advised him to lodge the said complaint before the concerned police station.

One another interesting case witnessed by the team was the interview of one old lady who had got married her son five years ago according to the norms of their society and their status. Her daughter-in-law resided with her son of aged 6 months only and after that, she left the company of her husband. From that incident till today, she has neither returned to her in-law's house nor not shown any interest to be in the company of her husband. The concerned old lady (mother-in-law) has tried each method to get reunited with her son's family but in vain. Now, about 2 months before the village panchayat conduction, the daughter-in-law has demanded a divorce in the form of **PANCHAYATI CHUT CHUTAV** (out-of-court divorce) but not by the procedure established by the law. The concerned mother-in-law was in a deep traumatic condition and was of no clue as to how to settle her family issue. Due to this issue, her own marital life is also been getting into a very deteriorating condition and her husband tortures her. She came with flooded eyes with tears and clueless about a genuine solution. The HILSR team consoled her and advised her to not be agreed to Panchayati Chut Chutav, but rather should file a suit for dissolution of marriage Under Section 13(1) Hindu Marriage Act, 1955 on behalf of her son on the ground of cruelty being conducted by her wife. The HILSR team also suggested trying mediation resources to resort all the disputes between her son and daughter-in-law, so that the family may be saved from breaking in the interest of justice. Also, one student from the team namely Aastha Sain, who is a resident of the same locality, was appointed as Councilor to follow the investigation done by the police (*appointment letter enclosed herewith*) and inform the same of the complainant. She also provided her mobile number to the complainant and asked them to call for any legal assistance.

CONCLUSION

The HILSR, Jamia Hamdard team surveyed around thirty to forty residents of the concerned village, the team of ROOTS OF DOMESTIC VIOLENCE ENCRYPTED IN INDIAN SOCIETY and other issues. The survey was in the form of questionnaire form of around 38 questions which exhaustively covered the daily life of the residents and the issues relating to domestic violence being faced by them on daily basis (*the format of the questionnaires has already been uploaded on the concerned link provided by the organizers*). About 40% of survey subjects asserted that they have faced Domestic Violence in their life in any form i.e. Physical, Emotional, Mental, Economic, and Sexual harassment. The most frequent one was the Emotional abuse faced by the subjects.

The Village Panchayat commenced at around 11 AM and got concluded by around 2:30 PM. Ms. Munesh Bhadana, Ld. Councilor, Ward no. 25, Basantpur, Faridabad, and her team in which Mr. Kedar Singh, Sanjay Bhati, Jitender, Ganga Sagar Mishra Sahab assisted the team in every possible manner and were very satisfied with the efforts made by the students of HILSR.

(r) STREET PLAY ON DOMESTIC VIOLENCE

The team of B.A.LL.B. (Around Sixteen Students) namely Mihir Suneja, Shumaila Khan, Anjali Sharma, Yuv Sharma, AbrarSalroo, Anjali Yadav, Faizuddin, Masra Nadeem, Ahmad Ali, Mahdi Alam, Sagar Singh, Mateen Chauhan, AnjaliSingh, Sana Ahmed, Shabana, Shaista Nigar along with Assistant Professor Mr. Ishan Ahmad presented a StreetPlay at Main Road, Jaitpur Village, Faridabad Border, Haryana on 06th October 2022, Thursday.

The team presented a street play of about 17 minutes on the main road which connects the villages like Jaitpur and Ismailpur to the main Highway. The team reached the venue at about 2 PM and started the street play while inviting people to attend the play. The theme of the street play was the story of a household woman namely Sunita who lives in her matrimonial home with her husband, daughter, mother-in-law, sister-in-law, and brother-in-law. The artists/ students play various characters like the Husband of Sunita, her daughter, and members of her matrimonial family. The victim got mentally, physically, and emotionally abused by her in-laws and she became traumatized to the extent that she tried to commit suicide, but at the same moment, her daughter who is an aspiring lawyer, stopped her from committing the same. She consoles her mother and informs her about the legal remedies available to her. Sunita then realised her rights and decides to live life in a dignified and respectful manner. The play ends with a beautiful chorus which was joined by the attended audience. The team tried to come up with the real mental, and physical torture happening in any domestic relationship and how the families are on the verge of being broken up. The end of play showed that it is the individual who should speak for herself or himself and their loved ones.

The play was attended by about 100 people. The street play was a huge success and highly appreciated by the attendees and also by the local authorities who cooperated with the team to get organized the street play.

(s) STREET PLAY ON RIGHT TO EDUCATION

The team of about 17 BALLB students namely Vidushi Ranjan, Mohd. Saad, Ahmad Ali, Faiza Sajid, Tabish Karim, Saba, Haya Fatima, Aatikah, Basil Elia, Faizuddin, Safiya Parwez, Ahmad Ali, Shaista Nigar, Anjali Yadav, Anjali Sharma, Anjali Singh, Abrar Salroo along with Assistant Professor Mr. Ishan Ahmad presented a Street Play at Slum Area, Opposite DDA Pocket, Near GB Pant Hospital, Delhi-06 on 07th October 2022, Friday.

The team presented a street play of about 17 minutes on the main market road. The Police made sufficient arrangements for the security and safety of the team members. The team reached the venue at about 2.30 PM and started the street play while inviting people to attend the play through Chorus. The theme of the street play was the Right to Education provided under Article 21A of the Constitution of India. The street play consists of two acts i.e., first act starts with the interaction of a businessman and his wife about the loss in his business being suffered by him due to the shortage of labor. Her wife gives an idea to ask for their servant's son who is all of the age as their daughter, to work as a labor in return for some salary. Their servant namely Ramu Kaka gets agreed also over it in the greed of the money. His son I. e. Chirag who is very good at studies has been forced to leave his studies and start going to factory of the businessman. After some days, their daughter who has been sent by her parents abroad for studies returned. She inquires about his childhood friend (Chirag) and when she got to know about the forced labor in which he had been indulged rather than studying, she enlightens her father and mother about the importance of the right to education and its existence as a Fundamental right under Constitution of India. She also informs about the consequences of forced labor if it is being done and the imprisonment provided for same by the Constitution of India. Her parents and Chirag's father got realized their mistake and thank her for making them realize the offense they were committing. The first part of the play ends with a beautiful song emphasizing about the significance of Education in any society.

The second act of the concerned street play was on the theme of difficulties faced by the children of sex workers in the country. The act starts with a talk of the principal of one renowned school in the state and the parents of one of their students. The principal was very keen on the student and was continuously praising her in front of other parents. In the meanwhile, one lady enters the office of the principal and asks for the admission of her child to the same school, the principal firstly asserted and asks her to deposit the fee, but at the same time, the mother of that student recognized the lady and reveals that she is a sex worker and her children cannot study along with their children. She warns the principal that if he gives admission to their child, they will withdraw their child from school. The principal was also in favor of those parents and forcefully throw the lady out of their school. When that lady was helplessly crying on the roadside, she met with a Lawyer cum Social Worker, who listened to all the facts and promised to help in getting her child admission to the same school. The next day, when that lady along with the social worker reaches the principal's office, the principal again insulted her and asks her to get out of the school. But this time, there was that social worker also there along with that lady. she informed the principal about the importance of Article 21A and also the consequences if there founds any sort of business. She informed the principal that if that lady's child is not getting admission, then they will file a complaint before the court of law and then justice will be done in a real sense. The principal unwillingly allowed them to apply for admission. The

play ends with a very beautiful chorus enlightening the attendees with the importance of education in their life. The end of play showed that it is the individual who should speak for herself or himself and their loved ones.

The play was attended by about 200 people. The street play was a huge success and highly appreciated by the attendees and also by the local authorities who cooperated with the team to get organized the street play.

(t) VILLAGE HALT AT ISMAILPUR VILLAGE, FARIDABAD, HARYANA

Hamdard Institute of Legal Studies and Research, Jamia Hamdard organized a two days Village Halt i. e. on 22nd October 2022, Saturday, and 23rd October 2022, Sunday from 11 AM till 3:30 PM at **Ismailpur Village, Faridabad, Haryana.**

The topics which had been chosen for conducting the door-to-door surveys were as follows:

- (a) Effect of Domestic Violence on Indian Families** for Day 1 i. e. 22nd October 2022 and
- (b) Rights of Elder aged citizens and their awareness** amongst them for Day 2 i. e. 23rd October 2022.

5.1 VILLAGE HALT ON EFFECT OF DOMESTIC VIOLENCE OF INDIAN FAMILIES ON 22ND OCTOBER, 2022:

The team of B.A.LL.B. (Around Six-Students) along with the faculty in charge went to Ismailpur Village, Faridabad, Haryana at about 11 AM. Mr. Puneet Kumar Vohra, an Advocate who is also a Legal Aid Counsel for Delhi Legal Services Authorities (North) reached there at around 11.30 AM to assist the team in conducting the surveys and to provide any form of Legal Aid to the sufferers. The theme for the Day One Activity was Effect or Consequences of Domestic Violence on Indian Families. The door-to-door survey was conducted in about 50 houses of Ismailpur village on Day One in the form of Questionnaires and Answer forms (a copy of the questionnaire has been attached herewith). The team has prepared a questionnaire of around 38 questions relating to the families of the individuals and focusing on the form of domestic violence persistent in their families. The whole team was divided into groups of 2 students and started conducting the door-to-door survey.

The most common issue which was being faced by the residents of the village was the nature of immense Emotional Abuse. The team interviewed one of the residents who is facing violence for the last three years and he has got married about 4 years before only. He alleges that his partner is suffering from mental illness and she cannot control her anger and does not refrain from beating the interviewee on small things. The maternal family members of his wife do not support him at all and even allege he is responsible for his wife's deteriorating condition. The interviewee was very mentally disturbed and clueless about how to get his life sorted out. He does not want to get divorced or a judicial separation but simply wants the solution to the mental illness of her wife. His wife suspects him a lot and even during the interview, his wife came to the gate and abused him and the interviewer. Mr. Puneet Vohra's Advocate advised him to have faith in his wife at this difficult time and to start medical treatment for his wife. The interviewer provided him with the toll-free number of the Institute of Human Behavior & Allied Sciences (IHBAS) and asked him to take an appointment with the medical therapist there.

Another interesting case encountered by one of the interviewers from the team was of a husband of the young age of 23 years namely Mohsin, who does the work of tailoring. He got married about two years ago during the covid time and her wife deserted him and returned to her parent's house about two months after their marriage and since then she has never returned. Her wife has filed a complaint under section 498A IPC read with 406 IPC and threatened him to leave his parents and otherwise be ready to face dire consequences. The interviewee is so much mentally and physically harassed by his wife on phone and in reconciliation meetings on behalf of their families. He wants to get settle this matter at any cost so that he can concentrate on his life and occupation. As a solution, the Learned Advocate who visited with the team asked him to fix a meeting with his wife in the presence of the Advocate so that some settlement can be sorted out between both parties.

Another leading case encountered by the interviewers was of a lady of about 30 years of age, having 2 children, living with her husband, mother-in-law, and father-in-law, and facing mental and physical harassment by her husband. Her husband has the habit of drinking a lot and also, and he beats his wife daily after coming from his work (daily wages painter). The wife has filed numerous complaints before the police but nothing constructive action has been taken till now. The interviewer consoled her and provided the address and mobile number of the Rehabilitation center and asked her to contact the same, so that her husband's drinking habit may be improved. The interviewer also provided her with the personal number of the interviewer so that in case of an emergency, she can contact her.

Other than that, most of the cases of mental trauma and physical harassment by the laws of the interviewees but they don't want to complain against that as they think it should be decided within

family only. Out of 31 interviewees, 28 asserted being victims of domestic violence, be it of any form during their lifetime. Also, 10 out of 31 asserted the complaint made to the police regarding the violence in their domestic relationship.

VILLAGE HALT ON RIGHTS OF ELDERLY PEOPLE AND THEIR AWARENESS ON 23rd OCTOBER, 2022:

The team of B.A.L.L.B. (Around Six-Students) along with the faculty in charge went to Ismailpur Village, Faridabad, Haryana at around 11 AM. Mr. Puneet Kumar Vohra, an Advocate who is also a Legal Aid Counsel for Delhi Legal Services Authorities (North) reached there at around 11.30 AM to assist the team in conducting the surveys and to provide any form of Legal Aid to the sufferers. The theme for the Day two survey was the **RIGHTS OF ELDERLY PEOPLE AND THEIR AWARENESS**. The door-to-door survey was conducted in about **40 houses** of Panchsheel Colony, Ismailpur village on Day Two in the form of a Questionnaire and Answer form (a copy of the questionnaire has been attached herewith). The team has prepared a questionnaire of around **32 questions** relating to the families of the individuals and focusing on the rights of elderly people and their awareness persistent in them. The whole team was divided into groups of 2 students and started conducting the door-to-door survey.

The most common form of issue which was being faced by the old aged people of Ismailpur was regarding the worst-conditioned roads and pathetic drainage system. The old aged people are very traumatized by the situation of roads due to which they cannot access different places and prefer to be in the village only most of the time. The street lights are also very rare in the whole of the village and they cannot move out of their homes freely after sunset. The strangest part was the non-availability of even one proper hospital in the whole village, rather they have to visit at least 4 to 5 km away from the village to get better resources.

One of the interviewee's wife is suffering from prostate cancer and he was crying before the interviewer that how he has to get up at 2.30 AM if his wife has an appointment at AIIMS at 8 AM. Although the ambulance comes on call, no such guarantee is there for the same. The situation worsened during the COVID Lockdown when the old aged people did not come out of their homes for 6 months.

Other than that, most of the cases were of health-related issues of the interviewees. Out of 30 interviewees, 25 asserted knowledge about the various relaxations and privileges being provided to old aged people and 8 asserted the taken use of those schemes by them.
