To Whomever It May Concern:

This is to certify that Anshika Garg, a student of B. Tech Electronics and Communication, Jamia Hamdard, Hamdard Nagar, Mehrauli Badarpur Road, New Delhi - 110062, has successfully completed her Internship at M/s Sanfoundry, Bangalore. The duration of the Internship Program was 3 months (Feb 17th, 2021 to May 17th, 2021).

She has done "Data Entry" internship for the Data Science Project of Sanfoundry's Global Learning Initiative. As part of the project, she has gathered information on various school syllabus of India and submitted the detailed syllabus of these schools to Sanfoundry as per our format, guidelines and processes. During the course of the internship, I have found her committed and independent student. She has met my expectation.

The overall rating of her performance during the internship period was "Satisfactory". I wish her all the best in the future!

Thanking you.

Manish Kumar Bhojasia
Founder & Director @ Sanfoundry
